Mojito przygotowujemy dla Was w oryginalnej karaibskiej wersji - na kościach lodu. Dzięki temu koktajl tak szybko się nie rozwodni. Ale jeżeli macie ochotę na wersję na kruszonym lodzie - poproś o to barmana lub kelnera.

We prepare **Mojitos** for you in the original Caribbean version - on ice cubes. In this way, the cocktail will not dilute so quickly. But if you fancy the crushed ice version - ask the bartender or the waiter for it.
